

The Book

As recognized, adventure as competently as experience not quite lesson, amusement, as competently as treaty can be gotten by just checking out a ebook **the book** next it is not directly done, you could admit even more vis--vis this life, with reference to the world.

We offer you this proper as well as simple artifice to acquire those all. We present the book and numerous ebook collections from fictions to scientific research in any way. along with them is this the book that can be your partner.

The Book of Ruth Jane Hamilton 2014-10-07 PEN/Hemingway Award Winner: An “enthraling” novel of a woman trapped within a tragically dysfunctional family (Entertainment Weekly). From the New York Times–bestselling author of *The Excellent Lombards* and *A Map of the World*, this is “an extraordinary story of a family’s disintegration [that] will be compared to Jane Smiley’s *A Thousand Acres*” (People). It follows Ruth Grey, a young woman in a tiny Illinois farm town, who has lost her father to World War II, and constantly faces her unhappy mother’s wrath—when she isn’t being ignored in favor of her math-prodigy brother. As Ruth navigates her lonely life, she strives to find happiness and pleasure where she can, but the world may conspire to defeat her. “A sly and wistful, if harrowing, human comedy . . . [An] original voice in fiction and one well worth listening to.” —The Boston Sunday Globe “Unforgettably, beat by beat, Hamilton maps the best and worst of the human heart and all the mysterious, uncharted country in between.” —Kirkus Reviews “Hamilton’s story builds to a shocking crescendo. Her small-town characters are as appealingly offbeat and brushed with grace as any found in Alice Hoffman’s or Anne Tyler’s novels.” —Glamour
The Nature of the Book Adrian Johns 2009-05-15 In *The Nature of the Book*, a tour de force of cultural history, Adrian Johns constructs an entirely original and vivid picture of print culture and its many arenas—commercial, intellectual, political, and individual. “A compelling exposition of how authors, printers, booksellers and readers competed for power over the printed page. . . . The richness of Mr. Johns’s book lies in the splendid detail he has collected to describe the world of books in the first two centuries after the printing press arrived in England.”—Alberto Manguel, *Washington Times* “[A] mammoth and stimulating account of the place of print in the history of knowledge. . . . Johns has written a tremendously learned primer.”—D. Graham Burnett, *New Republic* “A detailed, engrossing, and genuinely eye-opening account of the formative stages of the print culture. . . . This is scholarship at its best.”—Merle Rubin, *Christian Science Monitor* “The most lucid and persuasive account of the new kind of knowledge produced by print. . . . A work to rank alongside McLuhan.”—John Sutherland, *The Independent* “Entertainingly written. . . . The most comprehensive account available . . . well documented and engaging.”—Ian Maclean, *Times Literary Supplement*

The Book of Form and Emptiness Ruth Ozeki 2021-09-21 Winner of the Women’s Prize for Fiction “No one writes like Ruth Ozeki—a triumph.” —Matt Haig, *New York Times* bestselling author of *The Midnight Library* “Inventive, vivid, and propelled by a sense of wonder.” —TIME “If you’ve lost your way with fiction over the last year or two, let *The Book of Form and Emptiness* light your way home.” —David Mitchell, Booker Prize-finalist author of *Cloud Atlas* A boy who hears the voices of objects all around him; a mother drowning in her possessions; and a Book that might hold the secret to saving them both—the brilliantly inventive new novel from the Booker Prize-finalist Ruth Ozeki One year after the death of his beloved musician father, thirteen-year-old Benny Oh begins to hear voices. The voices belong to the things in his house—a sneaker, a broken Christmas ornament, a piece of wilted lettuce. Although Benny doesn’t understand what these things are saying, he can sense their emotional tone; some are pleasant, a gentle hum or coo, but others are snide, angry and full of pain. When his mother, Annabelle, develops a hoarding problem, the voices grow more clamorous. At first, Benny tries to ignore them, but soon the voices follow him outside the house, onto the street and at school, driving him at last to seek refuge in the silence of a large public library, where objects are well-behaved and know to speak in whispers. There, Benny discovers a strange new world. He falls in love with a mesmerizing street artist with a smug pet ferret, who uses the library as her performance space. He meets a homeless philosopher-poet, who encourages him to ask important questions and find his own voice amongst the many. And he meets his very own Book—a talking thing—who narrates Benny’s life and teaches him to listen to the things that truly matter. With its blend of sympathetic characters, riveting plot, and vibrant engagement with everything from jazz, to climate change, to our attachment to material possessions, *The Book of Form and Emptiness* is classic Ruth Ozeki—bold, wise, poignant, playful, humane and heartbreaking.

The Book of Dreams Nina George 2019-04-09 Warm, wise, and magical—the latest novel by the bestselling author of *THE LITTLE PARIS BOOKSHOP* and *THE LITTLE FRENCH BISTRO* is an astonishing exploration of the thresholds between life and death Henri Skinner is a hardened ex-war reporter on the run from his past. On his way to see his son, Sam, for the first time in years, Henri steps into the road without looking and collides with oncoming traffic. He is rushed to a nearby hospital where he floats, comatose, between dreams, reliving the fairytales of his childhood and the secrets that made him run away in the first place. After the accident, Sam—a thirteen-year old synesthete with an IQ of 144 and an appetite for science fiction—waits by his father’s bedside every day. There he meets Eddie Tomlin, a woman forced to confront her love for Henri after all these years, and twelve-year old Madelyn Zeidler, a coma patient like Henri and the sole survivor of a traffic accident that killed her family. As these four very different individuals fight—for hope, for patience, for life—they are bound together inextricably, facing the ravages of loss and first love side by side. A revelatory, urgently human story that examines what we consider serious and painful alongside light and whimsy, *THE BOOK OF DREAMS* is a tender meditation on memory, liminality, and empathy, asking with grace and gravitas what we will truly find meaningful in our lives once we are gone.

The Book of Accidents Chuck Wendig 2021-07-20 NATIONAL BESTSELLER • A family returns to their hometown—and to the dark past that haunts them still—in this masterpiece of literary horror by the New York Times bestselling author of *Wanderers* “The dread, the scope, the pacing, the turns—I haven’t felt all this so intensely since *The Shining*.” —Stephen Graham Jones, *New York Times* bestselling author of *The Only Good Indians* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK PUBLIC LIBRARY AND LIBRARY JOURNAL Long ago, Nathan lived in a house in the country with his abusive father—and has never told his family what happened there. Long ago, Maddie was a little girl making dolls in her bedroom when she saw something she shouldn’t have—and is trying to remember that lost trauma by making haunting sculptures. Long ago, something sinister, something hungry, walked in the tunnels and the mountains and the coal mines of their hometown in rural Pennsylvania. Now, Nate and Maddie Graves are married, and they have moved back to their hometown with their son, Oliver. And now what happened long ago is happening again . . . and it is happening to Oliver. He meets a strange boy who becomes his best friend, a boy with secrets of his own and a taste for dark magic. This dark magic puts them at the heart of a battle of good versus evil and a fight for the soul of the family—and perhaps for all of the world. But the Graves family has a secret weapon in this battle: their love for one another.

The Book of Magic Alice Hoffman 2021-10-05 Master storyteller Alice Hoffman brings us the conclusion of the *Practical Magic* series in a spellbinding and enchanting final Owens novel brimming with lyric beauty and vivid characters. The Owens family has been cursed in matters of love for over three-hundred years but all of that is about to change. The novel begins in a library, the best place for a story to be conjured, when beloved aunt Jet Owens hears the deathwatch beetle and knows she has only seven days to live. Jet is not the only one in danger—the curse is already at work. A frantic attempt to save a young man’s life spurs three generations of the Owens women, and one long-lost brother, to use their unusual gifts to break the curse as they travel from Paris to London to the English countryside where their ancestor Maria Owens first practiced the Unnamed Art. The younger generation discovers secrets that have been hidden from them in matters of both magic and love by Sally, their fiercely protective mother. As Kylie Owens uncovers the truth about who she is and what her own dark powers are, her aunt Franny comes to understand that she is ready to sacrifice everything for her family, and Sally Owens realizes that she is willing to give up everything for love. *The Book of Magic* is a breathtaking conclusion that celebrates mothers and daughters, sisters and brothers, and anyone who has ever been in love.

The Book of Delights Ross Gay 2019-02-12 “Ross Gay’s eye lands upon wonder at every turn, bolstering my belief in the countless small miracles that surround us.” —Tracy K. Smith, Pulitzer Prize winner and U.S. Poet Laureate The winner of the NBCC Award for Poetry offers up a spirited collection of short lyric essays, written daily over a tumultuous year, reminding us of the purpose and pleasure of praising, extolling, and celebrating ordinary wonders. Ross Gay’s *The Book of Delights* is a genre-defying book of essays—some as short as a paragraph; some as long as five pages—that record the small joys that occurred in one year, from birthday to birthday, and that we often overlook in our busy lives. His is a meditation on delight that takes a clear-eyed view of the complexities, even the terrors, in his life, including living in America as a black man;

the ecological and psychic violence of our consumer culture; the loss of those he loves. Among Gay’s funny, poetic, philosophical delights: the way Botan Rice Candy wrappers melt in your mouth, the volunteer crossing guard with a pronounced tremor whom he imagines as a kind of boat-woman escorting pedestrians across the River Styx, a friend’s unabashed use of air quotes, pickup basketball games, the silent nod of acknowledgment between black people. And more than any other subject, Gay celebrates the beauty of the natural world—his garden, the flowers in the sidewalk, the birds, the bees, the mushrooms, the trees. This is not a book of how-to or inspiration, though it could be read that way. Fans of Roxane Gay, Maggie Nelson, and Kiese Laymon will revel in Gay’s voice, and his insights. *The Book of Delights* is about our connection to the world, to each other, and the rewards that come from a life closely observed. Gay’s pieces serve as a powerful and necessary reminder that we can, and should, stake out a space in our lives for delight.

The Book Bible Susan Shapiro 2022-02-01 A Brilliant, Buoyant Guide to Publishing Your Book Hundreds of thousands of books come out every year worldwide. So why not yours? In *The Book Bible*, *New York Times* bestseller and wildly popular Manhattan writing professor Susan Shapiro reveals the best and fastest ways to break into a mainstream publishing house. Unlike most writing manuals that stick to only one genre, Shapiro maps out the rules of all the sought-after, sellable categories: novels, memoirs, biography, how-to, essay collections, anthologies, humor, mystery, crime, poetry, picture books, young adult and middle grade, fiction and nonfiction. Shapiro once worried that selling 16 books in varied sub-sections made her a literary dabbler. Yet after helping her students publish many award-winning bestsellers on all shelves of the bookstore, she realized that her versatility had a huge upside. She could explain, from personal experience, the differences in making each kind of book, as well as ways to find the right genre for every project and how to craft a winning proposal or great cover letter to get a top agent and book editor to say yes. This valuable guide will teach both new and experienced scribes how to attain their dream of becoming a successful author.

The Book of Anna Carmen Boullosa 2020-04-14 Russia, 1905. Behind the gates of the Karenin Palace,

Sergei, son of Anna Karenina, meets Tolstoy in his dreams and finds reminders of his mother everywhere: the almost-living portrait that the Tsar intends to acquire and the opium-infused manuscripts she wrote just before her death, one of which opens a trapdoor to a wild feminist fairytale. Across the city, Clementine, an anarchist seamstress, and Father Gapón, the charismatic leader of the proletariat, tip the country ever closer to revolution. Boullosa lifts the voices of coachmen, sailors, maids, and seamstresses in this playful, polyphonic, and subversive revision of the Russian revolution, told through the lens of Tolstoy’s most beloved work.

The Book Alan Watts 1989 A witty attack on the illusion that the self is a separate ego that confronts a universe of alien physical objects.

The Book of Lost Names Kristin Harmel 2021-05-25 Eva Traube Abrams, a semiretired librarian in Florida, is at the returns desk one morning when her eyes lock on to a photograph in a newspaper nearby. She freezes; it’s an image of a book she hasn’t seen in sixty-five years—a book she recognizes as the *Book of Lost Names*. The accompanying article describes the looting of libraries across Europe by the Nazis during World War II—an experience Eva remembers all too well. As a graduate student in 1942, Eva was forced to flee Paris after the arrest of her father, a Polish Jew. Finding refuge in a small mountain town in the Free Zone, she begins forging identity documents for Jewish children fleeing to neutral Switzerland. But erasing people comes with a price, and along with a mysterious, handsome forger named Rémy, Eva decides she must find a way to preserve the real names of the children who are too young to remember who they really are. The records they keep in the *Book of Last Names* will become even more vital when the Resistance cell they work with is betrayed and Rémy disappears. As the Germans close in, Eva records a last, vital message in the book. Decades later, does she have the strength to seek out its answer—and help reunite those lost during the war?

The Book of Wanderers Reyes Ramirez 2022-03-01 What do a family of luchadores, a teen on the run, a rideshare driver, a lucid dreamer, a migrant worker in space, a mecha soldier, and a zombie-and-neo-Nazi fighter have in common? Reyes Ramirez’s dynamic short story collection follows new lineages of Mexican and Salvadoran diasporas traversing life in Houston, across borders, and even on Mars. Themes of wandering weave throughout each story, bringing feelings of unease and liberation as characters navigate cultural, physical, and psychological separation and loss from one generation to the next in a tumultuous nation. *The Book of Wanderers* deeply explores Houston, a Gulf Coast metropolis that incorporates Southern, Western, and Southwestern identities near the borderlands with a connection to the cosmos. As such, each story becomes increasingly further removed from our lived reality, engaging numerous genres from emotionally touching realist fiction to action-packed speculative fiction, as well as hallucinatory realism, magical realism, noir, and science fiction. Fascinating characters and unexpected plots unpack what it means to be Latinx in contemporary—and perhaps future—America. The characters work, love, struggle, and never stop trying to control their reality. They dream of building communities and finding peace. How can they succeed if they must constantly leave one place for another? In a nation that demands assimilation, how can they define themselves when they have to start anew with each generation? The characters in *The Book of Wanderers* create their own lineages, philosophies for life, and markers for their humanity at the cost of home. So they remain wanderers . . . for now.

The Library Book Susan Orlean 2019-10-01 Susan Orlean’s bestseller and *New York Times* Notable Book is “a sheer delight...as rich in insight and as varied as the treasures contained on the shelves in any local library” (USA TODAY)—a dazzling love letter to a beloved institution and an investigation into one of its greatest mysteries. “Everybody who loves books should check out *The Library Book*” (The Washington Post). On the morning of April 28, 1986, a fire alarm sounded in the Los Angeles Public Library. The fire was disastrous: it reached two thousand degrees and burned for more than seven hours. By the time it was extinguished, it had consumed four hundred thousand books and damaged seven hundred thousand more. Investigators descended on the scene, but more than thirty years later, the mystery remains: Did someone purposefully set fire to the library—and if so, who? Weaving her lifelong love of books and reading into an investigation of the fire, award-winning New Yorker reporter and *New York Times* bestselling author Susan Orlean delivers a “delightful...reflection on the past, present, and future of libraries in America” (New York magazine) that manages to tell the broader story of libraries and librarians in a way that has never been done before. In the “exquisitely written, consistently entertaining” (The New York Times) *The Library Book*, Orlean chronicles the LAPL fire and its aftermath to showcase the larger, crucial role that libraries play in our lives; delves into the evolution of libraries; brings each department of the library to vivid life; studies arson and attempts to burn a copy of a book herself; and reexamines the case of Harry Peak, the blond-haired actor long suspected of setting fire to the LAPL more than thirty years ago. “A book lover’s dream...an ambitiously researched, elegantly written book that serves as a portal into a place of history, drama, culture, and stories” (Star Tribune, Minneapolis), Susan Orlean’s thrilling journey through the stacks reveals how these beloved institutions provide much more than just books—and why they remain an essential part of the heart, mind, and soul of our country.

The Book of Strange New Things Michel Faber 2014-10-28 A monumental, genre-defying novel that David Mitchell calls “Michel Faber’s second masterpiece,” *The Book of Strange New Things* is a masterwork from a writer in full command of his many talents. It begins with Peter, a devoted man of faith, as he is called to the mission of a lifetime, one that takes him galaxies away from his wife, Bea. Peter becomes immersed in the mysteries of an astonishing new environment, overseen by an enigmatic corporation known only as USIC. His work introduces him to a seemingly friendly native population struggling with a dangerous illness and hungry for Peter’s teachings—his Bible is their “book of strange new things.” But Peter is rattled when Bea’s letters from home become increasingly desperate: typhoons and earthquakes are devastating whole countries, and governments are crumbling. Bea’s faith, once the guiding light of their lives, begins to falter. Suddenly, a separation measured by an otherworldly distance, and defined both by one newly discovered world and another in a state of collapse, is threatened by an ever-widening gulf that is much less quantifiable. While Peter is reconciling the needs of his congregation with the desires of his strange employer, Bea is struggling for survival. Their trials lay bare a profound meditation on faith, love tested beyond endurance, and our responsibility to those closest to us. Marked by the same bravura storytelling and precise language that made *The Crimson Petal* and *The White* such an international success, *The Book of*

Strange New Things is extraordinary, mesmerizing, and replete with emotional complexity and genuine pathos.

Reinforcement Learning, second edition Richard S. Sutton 2018-11-13 The significantly expanded and updated new edition of a widely used text on reinforcement learning, one of the most active research areas in artificial intelligence. Reinforcement learning, one of the most active research areas in artificial intelligence, is a computational approach to learning whereby an agent tries to maximize the total amount of reward it receives while interacting with a complex, uncertain environment. In Reinforcement Learning, Richard Sutton and Andrew Barto provide a clear and simple account of the field's key ideas and algorithms. This second edition has been significantly expanded and updated, presenting new topics and updating coverage of other topics. Like the first edition, this second edition focuses on core online learning algorithms, with the more mathematical material set off in shaded boxes. Part I covers as much of reinforcement learning as possible without going beyond the tabular case for which exact solutions can be found. Many algorithms presented in this part are new to the second edition, including UCB, Expected Sarsa, and Double Learning. Part II extends these ideas to function approximation, with new sections on such topics as artificial neural networks and the Fourier basis, and offers expanded treatment of off-policy learning and policy-gradient methods. Part III has new chapters on reinforcement learning's relationships to psychology and neuroscience, as well as an updated case-studies chapter including AlphaGo and AlphaGo Zero, Atari game playing, and IBM Watson's wagering strategy. The final chapter discusses the future societal impacts of reinforcement learning.

The Book Proposal Book Laura Portwood-Stacer 2021-07-13 A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia's most mysterious genre. You have to write one to get published, but most scholars receive no training on how to do so—and you may have never even seen a proposal before you're expected to produce your own. The Book Proposal Book cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Portwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out; sample prospectuses, a letter of inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you're hoping to publish your first book or you're a seasoned author with an unfinished proposal languishing on your hard drive, The Book Proposal Book provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.

The Book of Errors Annie Coggan 2021-08-03 A collection of three illustrated essays looking at the preservation of three historic houses—and the layered, messy process of reconstructing our past and reimagining history. An architect and artist, Annie Coggan delves into the history of three iconic American structures—the Henry Knox Memorial in Maine; Fraunces Tavern in New York City; and the Betsy Ross House in Philadelphia—and the stories of the people and ideas involved in their preservation to consider the ways in which history is reshaped by future generations.

The Book Amaranth Borsuk 2018-05-04 The book as object, as content, as idea, as interface. What is the book in a digital age? Is it a physical object containing pages encased in covers? Is it a portable device that gives us access to entire libraries? The codex, the book as bound paper sheets, emerged around 150 CE. It was preceded by clay tablets and papyrus scrolls. Are those books? In this volume in the MIT Press Essential Knowledge series, Amaranth Borsuk considers the history of the book, the future of the book, and the idea of the book. Tracing the interrelationship of form and content in the book's development, she bridges book history, book arts, and electronic literature to expand our definition of an object we thought we knew intimately. Contrary to the many reports of its death (which has been blamed at various times on newspapers, television, and e-readers), the book is alive. Despite nostalgic paeans to the codex and its printed pages, Borsuk reminds us, the term “book” commonly refers to both medium and content. And the medium has proved to be malleable. Rather than pinning our notion of the book to a single form, Borsuk argues, we should remember its long history of transformation. Considering the book as object, content, idea, and interface, she shows that the physical form of the book has always been the site of experimentation and play. Rather than creating a false dichotomy between print and digital media, we should appreciate their continuities.

By the Book Amanda Sellert 2020 In this clever rom-com debut a teen obsessed with nineteenth-century literature tries to cull advice on life and love from her favorite classic heroines to disastrous results.

The Book with No Pictures B. J. Novak 2014 "In this book with no pictures, the reader has to say every silly word, no matter what!"--

The Book of Lost Things John Connolly 2006-11-07 Taking refuge in fairy tales after the loss of his mother, twelve-year-old David finds himself violently propelled into an imaginary land in which the boundaries of fantasy and reality are disturbingly melded. By the author of *The Black Angel*. 75,000 first printing.

The Book That Did Not Want to Be Read David Sundin 2022-03-01 Beware! This picture book will do anything in its power to stay unread in this fun, interactive, and irresistibly silly read-aloud perfect for fans of *The Book with No Pictures* and *Press Here*. WARNING! Stop what you're doing! Don't you know that this book does not want to be read? If you try, all sorts of unfortunate things will happen. It will turn into a steering wheel! Letters will go missing! The book will act up and squirm around and grow wings and try to fly away! It will even insert a bunny that has absolutely nothing to do with anything. A persistent reader might see all kinds of strange and magical things, silly and secret things...But this book just does not want to be read, and it's better to leave it alone. ...Or is it?

The Book: A Cover-to-Cover Exploration of the Most Powerful Object of Our Time Keith Houston 2016-08-22 “Everybody who has ever read a book will benefit from the way Keith Houston explores the most powerful object of our time. And everybody who has read it will agree that reports of the book’s death have been greatly exaggerated.”—Erik Spiekermann, typographer We may love books, but do we know what lies behind them? In *The Book*, Keith Houston reveals that the paper, ink, thread, glue, and board from which a book is made tell as rich a story as the words on its pages—of civilizations, empires, human ingenuity, and madness. In an invitingly tactile history of this 2,000-year-old medium, Houston follows the development of writing, printing, the art of illustrations, and binding to show how we have moved from cuneiform tablets and papyrus scrolls to the hardcovers and paperbacks of today. Sure to delight book lovers of all stripes with its lush, full-color illustrations, *The Book* gives us the momentous and surprising history behind humanity’s most important—and universal—information technology.

The Book of Longings Sue Monk Kidd 2020-04-21 “An extraordinary novel . . . a triumph of insight and storytelling.” —Associated Press “A true masterpiece.” —Glennon Doyle, author of *Untamed* An extraordinary story set in the first century about a woman who finds her voice and her destiny, from the celebrated number one New York Times bestselling author of *The Secret Life of Bees* and *The Invention of Wings* In her mesmerizing fourth work of fiction, Sue Monk Kidd takes an audacious approach to history and brings her acclaimed narrative gifts to imagine the story of a young woman named Ana. Raised in a wealthy family with ties to the ruler of Galilee, she is rebellious and ambitious, with a brilliant mind and a daring spirit. She engages in furtive scholarly pursuits and writes narratives about neglected and silenced women. Ana is expected to marry an older widower, a prospect that horrifies her. An encounter with eighteen-year-old Jesus changes everything. Their marriage evolves with love and conflict, humor and pathos in Nazareth, where Ana makes a home with Jesus, his brothers, and their mother, Mary. Ana’s pent-up longings intensify amid the turbulent resistance to Rome’s occupation of Israel, partially led by her brother, Judas. She is sustained by her fearless aunt Yaltha, who harbors a compelling secret. When Ana commits a brazen act that puts her in peril, she flees to Alexandria, where startling revelations and greater dangers unfold, and she finds refuge in unexpected surroundings. Ana determines her fate during a stunning convergence of events considered among the most impactful in human history. Grounded in meticulous research and written with a reverential approach to Jesus’s life that focuses on his humanity, *The Book of Longings* is an inspiring, unforgettable account of one woman’s bold struggle to realize the passion and potential inside her, while living in a time, place and culture devised to silence her. It is a triumph of storytelling both timely and timeless, from a masterful writer at the height of her powers.

Into the Wild Jon Krakauer 2009-09-22 Krakauer’s page-turning bestseller explores a famed missing person mystery while unraveling the larger riddle it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. “Terrifying... Eloquent... A heart-rending drama of human yearning.” —New York Times In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in savings to charity, abandoned his car and

most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless’s short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless’s innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless’s uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer’s stoytelling blaze through every page.

The Book of V. Anna Solomon 2020-05-05 A GOOD MORNING AMERICA BOOK CLUB PICK A BELLETRIST BOOK CLUB PICK For fans of *The Hours* and *Fates and Furies*, a bold, kaleidoscopic novel intertwining the lives of three women across three centuries as their stories of sex, power, and desire finally converge in the present day. Lily is a mother and a daughter. And a second wife. And a writer, maybe? Or she was going to be, before she had children. Now, in her rented Brooklyn apartment she’s grappling with her sexual and intellectual desires, while also trying to manage her roles as a mother and a wife in 2016. Vivian Barr seems to be the perfect political wife, dedicated to helping her charismatic and ambitious husband find success in Watergate-era Washington D.C. But one night he demands a humiliating favor, and her refusal to obey changes the course of her life—along with the lives of others. Esther is a fiercely independent young woman in ancient Persia, where she and her uncle’s tribe live a tenuous existence outside the palace walls. When an innocent mistake results in devastating consequences for her people, she is offered up as a sacrifice to please the King, in the hopes that she will save them all. In Anna Solomon’s *The Book of V.*, these three characters’ riveting stories overlap and ultimately collide, illuminating how women’s lives have and have not changed over thousands of years.

The Book Whisperer Donalyn Miller 2009-03-16 Turn any student into a bookworm with a few easy and practical strategies Donalyn Miller says she has yet to meet a child she can’t turn into a reader. No matter how far behind Miller’s students might be when they reach her 6th grade classroom, they end up reading an average of 40 to 50 books a year. Miller’s unconventional approach dispenses with drills and worksheets that make reading a chore. Instead, she helps students navigate the world of literature and gives them time to read books they pick out themselves. Her love of books and teaching is both infectious and inspiring. In the book, you’ll find: Hands-on strategies for managing and improving your own school library Tactics for helping students walk on their own two feet and continue the reading habit after they’ve finished with your class Data from student surveys and end-of-year feedback that proves how well the Miller Method works The Book Whisperer includes a dynamite list of recommended “kid lit” that helps parents and teachers find the books that students really like to read.

The Book of General Ignorance John Mitchinson 2007-08-07 NEW YORK TIMES BESTSELLER • Misconceptions, misunderstandings, and flawed facts finally get the heave-ho in this humorous, downright humiliating book of reeducation based on the phenomenal British bestseller. Challenging what most of us assume to be verifiable truths in areas like history, literature, science, nature, and more, *The Book of General Ignorance* is a witty “gotcha” compendium of how little we actually know about anything. It’ll have you scratching your head wondering why we even bother to go to school. Think Magellan was the first man to circumnavigate the globe, baseball was invented in America, Henry VIII had six wives, Mount Everest is the tallest mountain? Wrong, wrong, wrong, and wrong again. You’ll be surprised at how much you don’t know! Check out *The Book of General Ignorance* for more fun entries and complete answers to the following: How long can a chicken live without its head? About two years. What do chameleons do? They don’t change color to match the background. Never have; never will. Complete myth. Utter fabrication. Total Lie. They change color as a result of different emotional states. How many legs does a centipede have? Not a hundred. How many toes has a two-toed sloth? It’s either six or eight. Who was the first American president? Peyton Randolph. What were George Washington’s false teeth made from? Mostly hippopotamus. What was James Bond’s favorite drink? Not the vodka martini.

The Book of Sisters Olivia Meikle 2022-04-05 Queens. Warriors. Witches. Revolutionaries. History is full of sisters making their mark. Meet incredible women in this nonfiction book for kids, from Queen Elizabeth II and Princess Margaret to tennis superstars Venus and Serena Williams. Authors (and sisters!) Olivia Meikle and Katie Nelson have scoured history for jaw-dropping stories of amazing siblings, including: • Why Egyptian ruler Cleopatra went to war against her younger sister Arsinoë • How Native American sisters Maria and Marjorie Tallchief became America’s first star ballerinas • What made samurai sisters Nakano Takeko and Nakano Yuko take on an entire army Through the stories of the sisters, readers will go on a whirlwind tour of women’s history, from the courts of Imperial China to the French Revolution. And you’ll discover that stories about sisters aren’t anything new—they can be traced back to ancient tales, from Greek goddesses to Maya mythology.

The Book of Jerry Falwell Susan Friend Harding 2018-06-26 National polls show that approximately 50 million adult Americans are born-again Christians. Yet most Americans see their culture as secular, and the United States is viewed around the world as a secular nation. Further, intellectuals and journalists often portray born-again Christians, despite their numbers, as outsiders who endanger public life. But is American culture really so neatly split between the religious and the secular? Is America as “modern” and is born-again Christian religious belief as “pre-modern” as many think? In the 1980s, born-again Christians burst into the political arena with stunning force. Gone was the image of “old-fashioned” fundamentalism and its anti-worldly, separatist philosophy. Under the leadership of the Reverend Jerry Falwell and allied preachers, millions broke taboos in place since the Scopes trial constraining their interaction with the public world. They claimed new cultural territory and refashioned themselves in the public arena. Here was a dynamic body of activists with an evangelical vision of social justice, organized under the rubric of the “Moral Majority.” Susan Harding, a cultural anthropologist, set out in the 1980s to understand the significance of this new cultural movement. The result, this long-awaited book, presents the most original and thorough examination of Christian fundamentalism to date. Falwell and his co-pastors were the pivotal figures in the movement. It is on them that Harding focuses, and, in particular, their use of the Bible’s language. She argues that this language is the medium through which born-again Christians, individual and collective, come to understand themselves as Christians. And it is inside this language that much of the born-again movement took place. Preachers like Falwell command a Bible-based poetics of great complexity, variety, creativity, and force, and, with it, attempt to mold their churches into living testaments of the Bible. Harding focuses on the words--sermons, speeches, books, audiotapes, and television broadcasts--of individual preachers, particularly Falwell, as they rewrote their Bible-based tradition to include, rather than exclude, intense worldly engagement. As a result of these efforts, born-again Christians recast themselves as a people not separated from but engaged in making history. *The Book of Jerry Falwell* is a fascinating work of cultural analysis, a rare account that takes fundamentalist Christianity on its own terms and deepens our understanding of both religion and the modern world.

The Book Eaters Sunyi Dean 2022-08-02 "I devoured this."—V. E. Schwab, New York Times bestselling author of *The Invisible Life of Addie La Rue* A National Bestseller Indie Next Pick Out on the Yorkshire Moors lives a secret line of people for whom books are food, and who retain all of a book's content after eating it. To them, spy novels are a peppery snack; romance novels are sweet and delicious. Eating a map can help them remember destinations, and children, when they misbehave, are forced to eat dry, musty pages from dictionaries. Devon is part of The Family, an old and reclusive clan of book eaters. Her brothers grow up feasting on stories of valor and adventure, and Devon—like all other book eater women—is raised on a carefully curated diet of fairy tales and cautionary stories. But real life doesn't always come with happy endings, as Devon learns when her son is born with a rare and darker kind of hunger—not for books, but for human minds. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Shady Characters: The Secret Life of Punctuation, Symbols, and Other Typographical Marks Keith Houston 2013-09-24 “An absolutely fascinating blend of history, design, sociology, and cultural poetics—highly recommended.”—Maria Popova, *Brain Pickings* A charming and indispensable tour of two thousand years of the written word, *Shady Characters* weaves a fascinating trail across the parallel histories of language and typography. Whether investigating the asterisk (*) and dagger (†)—which alternately illuminated and skewered heretical verses of the early Bible—or the at sign (@), which languished in

obscurity for centuries until rescued by the Internet, Keith Houston draws on myriad sources to chart the life and times of these enigmatic squiggles, both exotic (¶) and everyday (&). From the Library of Alexandria to the halls of Bell Labs, figures as diverse as Charlemagne, Vladimir Nabokov, and George W. Bush cross paths with marks as obscure as the interrobang (?) and as divisive as the dash (—). Ancient Roman graffiti, Venetian trading shorthand, Cold War double agents, and Madison Avenue round out an ever more diverse set of episodes, characters, and artifacts. Richly illustrated, ranging across time, typographies, and countries, Shady Characters will delight and entertain all who cherish the unpredictable and surprising in the writing life.

The Road Cormac McCarthy 2007-03-20 NATIONAL BESTSELLER • WINNER OF THE PULITZER PRIZE • A searing, post-apocalyptic novel about a father and son's fight to survive, this "tale of survival and the miracle of goodness only adds to McCarthy's stature as a living master. It's gripping, frightening and, ultimately, beautiful" (San Francisco Chronicle). A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation.

The Book That Matters Most: A Novel Ann Hood 2016-08-09 An enthralling novel about love, loss, secrets, friendship, and the healing power of literature, by the bestselling author of The Knitting Circle. Ava's twenty-five-year marriage has fallen apart, and her two grown children are pursuing their own lives outside of the country. Ava joins a book group, not only for her love of reading but also out of sheer desperation for companionship. The group's goal throughout the year is for each member to present the book that matters most to them. Ava rediscovers a mysterious book from her childhood—one that helped her through the traumas of the untimely deaths of her sister and mother. Alternating with Ava's story is that of her troubled daughter Maggie, who, living in Paris, descends into a destructive relationship with an older man. Ava's mission to find that book and its enigmatic author takes her on a quest that unravels the secrets of her past and offers her and Maggie the chance to remake their lives.

The Book of Why Judea Pearl 2018-05-15 A pioneer of artificial intelligence shows how the study of causality revolutionized science and the world 'Correlation does not imply causation.' This mantra was invoked by scientists for decades in order to avoid taking positions as to whether one thing caused another, such as smoking and cancer and carbon dioxide and global warming. But today, that taboo is dead. The causal revolution, sparked by world-renowned computer scientist Judea Pearl and his colleagues, has cut through a century of confusion and placed cause and effect on a firm scientific basis. Now, Pearl and science journalist Dana Mackenzie explain causal thinking to general readers for the first time, showing how it allows us to explore the world that is and the worlds that could have been. It is the essence of human and artificial intelligence. And just as Pearl's discoveries have enabled machines to think better, The Book of Why explains how we can think better.

Caste (Oprah's Book Club) Isabel Wilkerson 2020-08-04 #1 NEW YORK TIMES BESTSELLER • OPRAH'S BOOK CLUB PICK • NATIONAL BOOK AWARD LONGLIST • "An instant American classic and almost certainly the keynote nonfiction book of the American century thus far."—Dwight Garner, The New York Times The Pulitzer Prize-winning, bestselling author of The Warmth of Other Suns examines the unspoken caste system that has shaped America and shows how our lives today are still defined by a hierarchy of human divisions. NAMED THE #1 NONFICTION BOOK OF THE YEAR BY TIME, ONE OF THE TEN BEST BOOKS OF THE YEAR BY People • The Washington Post • Publishers Weekly AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • NPR • Bloomberg • Christian Science Monitor • New York Post • The New York Public Library • Fortune • Smithsonian Magazine • Marie Claire • Town & Country • Slate • Library Journal • Kirkus Reviews • LibraryReads • PopMatters Winner of the Los Angeles Times Book Prize • National Book Critics Circle Award Finalist • Dayton Literary Peace Prize Finalist • PEN/John Kenneth Galbraith Award for Nonfiction Finalist • PEN/Jean Stein Book Award Longlist "As we go about our daily lives, caste is the wordless usher in a darkened theater, flashlight cast down in the aisles, guiding us to our assigned seats for a performance. The hierarchy of caste is not about feelings or morality. It is about power—which groups have it and which do not." In this brilliant book, Isabel Wilkerson gives us a masterful portrait of an unseen phenomenon in America as she explores, through an immersive, deeply researched narrative and stories about real people, how America today and throughout its history has been shaped by a hidden caste system, a rigid hierarchy of human rankings. Beyond race, class, or other factors, there is a powerful caste system

that influences people's lives and behavior and the nation's fate. Linking the caste systems of America, India, and Nazi Germany, Wilkerson explores eight pillars that underlie caste systems across civilizations, including divine will, bloodlines, stigma, and more. Using riveting stories about people—including Martin Luther King, Jr., baseball's Satchel Paige, a single father and his toddler son, Wilkerson herself, and many others—she shows the ways that the insidious undertow of caste is experienced every day. She documents how the Nazis studied the racial systems in America to plan their out-cast of the Jews; she discusses why the cruel logic of caste requires that there be a bottom rung for those in the middle to measure themselves against; she writes about the surprising health costs of caste, in depression and life expectancy, and the effects of this hierarchy on our culture and politics. Finally, she points forward to ways America can move beyond the artificial and destructive separations of human divisions, toward hope in our common humanity. Beautifully written, original, and revealing, *Caste: The Origins of Our Discontents* is an eye-opening story of people and history, and a reexamination of what lies under the surface of ordinary lives and of American life today.

The Book of Joan Lidia Yuknavitch 2019-02-07 Internationally bestselling author Lidia Yuknavitch offers a reimagined Joan of Arc poised to save a world ravaged by war, in this genre-defying masterpiece.

The Book Woman's Daughter Kim Michele Richardson 2022-05-03 THE INSTANT NEW YORK TIMES BESTSELLER! "A powerful portrait of the courageous women who fought against ignorance, misogyny, and racial prejudice." —William Kent Krueger, New York Times bestselling author of *This Tender Land* and *Lightning Strike* The new novel from the New York Times bestselling author of *The Book Woman of Troublesome Creek!* Bestselling historical fiction author Kim Michele Richardson is back with the perfect book club read following *Honey Lovett*, the daughter of the beloved *Troublesome* book woman, who must fight for her own independence with the help of the women who guide her and the books that set her free. In the ruggedness of the beautiful Kentucky mountains, Honey Lovett has always known that the old ways can make a hard life harder. As the daughter of the famed blue-skinned, *Troublesome Creek* packhorse librarian, Honey and her family have been hiding from the law all her life. But when her mother and father are imprisoned, Honey realizes she must fight to stay free, or risk being sent away for good. Picking up her mother's old packhorse library route, Honey begins to deliver books to the remote hollers of Appalachia. Honey is looking to prove that she doesn't need anyone telling her how to survive. But the route can be treacherous, and some folks aren't as keen to let a woman pave her own way. If Honey wants to bring the freedom books provide to the families who need it most, she's going to have to fight for her place, and along the way, learn that the extraordinary women who run the hills and hollers can make all the difference in the world. Praise for *The Book Woman's Daughter*: "In Kim Michele Richardson's beautifully and authentically rendered *The Book Woman's Daughter* she once again paints a stunning portrait of the raw, somber beauty of Appalachia, the strong resolve of remarkable women living in a world dominated by men, and the power of books and sisterhood to prevail in the harshest circumstances. A critical and profoundly important read for our time. Badassery womanhood at its best!"—Sara Gruen, #1 New York Times bestselling author of *Water for Elephants* "Fierce, beautiful and inspirational, Kim Michele Richardson has created a powerful tale about brave extraordinary heroines who are downright haunting and unforgettable."—Abbott Kahler, New York Times bestselling author (as Karen Abbott) of *The Ghosts of Eden Park*

We Are in a Book! (An Elephant and Piggie Book) 2010-09-14 When Gerald the elephant and Piggie realize that they are in a book, they decide to have some fun with the reader.

The Rust Programming Language (Covers Rust 2018) Steve Klabnik 2019-09-03 The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of *The Rust Programming Language*, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: • Ownership and borrowing, lifetimes, and traits • Using Rust's memory safety guarantees to build fast, safe programs • Testing, error handling, and effective refactoring • Generics, smart pointers, multithreading, trait objects, and advanced pattern matching • Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies • How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.
